

Dear Customer,

The Safe Drinking Water and Toxic Enforcement Act of 1986 is intended to protect the U.S. State of California's citizens and the State's drinking water sources as well as inform citizens about exposure to some specific chemicals. This Act, commonly known as Proposition 65 (Prop 65), establishes a list of chemicals which the state of California's risk assessment process has determined to present a risk of cancer, birth defects or other reproductive harm.

The Proposition 65 chemical list can be found at:

<https://oehha.ca.gov/proposition-65/proposition-65-list>

This letter is to inform customers that some products supplied by **Zettler** may contain chemicals which are listed on California's Safe Drinking Water & Toxic Enforcement Act of 1986. Contact Zettler by specific model full p/n to confirm presence of identified substance in Table 1 below:

Listed Materials			
Part Number / Model Number	Chemical / Compound Name	CAS number	Chemical Percentage [ppm]
AZ., HD., GP., ZC., KSD., UEB1-70., XMCO., 3ARR..	Cadmium compounds (for use with electrical contacts - internal)	1306-19-0	Varies dependent on model specific p/n
AZ., HD., GP., ZC., KSD., UEB1-70., XMCO., 3ARR..	Nickel compounds (for use with electrical contacts and/or plating to metal components - internal)	7440-02-0	Varies dependent on model specific p/n
NTS..	Cobalt oxide (part of NTC pellet – internal)	1307-96-6	Proprietary

Table 1.

Be assured, **Zettler** will continue to monitor the Proposition 65 regulations for any new chemicals and will compare any newly listed chemicals with the raw materials in our finished product and communicate this information accordingly.
